To,
DISHARI BOSTON
BOSTON

15th August, 2025

Dear Chairman, Inner Wheel is the world's largest voluntary women's organization, spread over 103 countries and particularly strong in India. Inner Wheel Club of Kolkata New Gen was formed in the year 2016, with the intention of bringing together younger minds to contribute for the greater good. We have done notable projects in almost all areas: Medical & Health, Women Empowerment, Environment, Education & Community Welfare.

We are thrilled & extremely grateful that Dishari Boston is joining hands with us in this mission to uplift and empower children in West Bengal. Dishari's ongoing work to improve the lives of women and children in both the U.S. and India makes this collaboration a natural and deeply meaningful one. Together, we are committed to nurturing the potential of future generations by supporting professional development in sports, arts, or education.

Our collaboration with you is for Youth development, where we are providing for Jersey sets, Football equipments and a new laptop to conduct digital classes for the 100+ kids of Sonarpur village area who are professionally getting trained by School of Football Excellence (SOFE). These kids are bright with success stories of having got selected for training with Bangalore FC team. We firmly believe that Dishari's support, will help them grow in an environment rooted in opportunity, respect, and compassion and help in their all round development.

We will be handing over the items to the school on 26th August 2025, when our International President Kay Morland is visiting Kolkata. It will be one of the projects that she is inaugurating herself, in the presence of media, and we hope our collaboration outshines in this event. We will keep you tagged & posted with further updates through social media.

We wish you all the best for your "signature event on September 13th - "Agomoni - The Awakening". In the subsequent page we have also listed many other social works we are currently pursuing this year, in case any of it is of interest to Dishari. We really look forward to more such collaborations in future.

Best Wishes,

Khushboo Bihani
President 2025-26
IWC Kolkata New Gen

Some notable projects we are focusing on this year:

Adoption of Village JARA in West Midnapore

- o Women empowerment – Nutrition Program for pregnant & lactating women of the village
- o Developing their Primary school – Constructing toilets, Basins, Sheds, converting mud walls into pukka walls
- o Youth development - Creating a smart digital Classroom for the students
- o Developing a play area for the students
- o Setting up a computer centre for Learning
- o Installation of Sanitary pad burners in the girls school
- o Financial independence of women - Empowering Self-Help groups of women by aiding with sewing machine etc and also set up a formal system to widen their reach to possible buyers
- o Adult Literacy Program

☒ Medical – Supporting Cancer

- o Supporting Cancer treatments & also cervical cancer vaccinations.

Water & Sanitation

- o Water Kiosks for underprivileged in areas and schools where there is a need

☒ Environment

- o Rain Water Harvesting unit set up in Hospitals & Schools
- o Tote Bag Vending Machine set up
- o Tree Plantation drives.
- o Constructions using Eco Brick – Furniture at institutions and Benches at parks.
